--	---------------------------------

BOIL WATER ADVISORY **LIFTED**

As of 11 :10am on 01/24/2025 Your water
is **SAFE** to consume

We have received confirmation that all 3 coliform samples sent to Alexin Labs on 11-22-25 came back as "Absent". This means there is no presence of bacteria in your water, and it is safe to consume. You no longer need to boil your water before consumption.

Best practices state to flush your water at the highest point in your house for 5-6 minutes in order to flush the lines in your home.

For more information, contact Christian Anderson, District Manager at Oceanside Water District, 503-457-3116 or Canderson@owd-oregon.org
